WORK EXPERIENCE

2020–now

Project & Test Manager Functional Safety of Tools

VALIDAS AG · Munich, Germany 📍

Activities: Presales, manage tool and library Qualification projects from 12 k\$ to 1 million \$, validate test strategy, lead qualification audit sessions. **Contexts:** Compliance standards ISO 26262, IEC 61508, DO-330. **Teams:** from 2 to 12 people. **Key customers:** Serving customers having global teams around the world e.g. NVIDIA, Synopsys, NXP, Dassault systems. **Tools used:** Microsoft Project, Tool Chain Analyzer (TCA), Python, JIRA, Jenkins, Virtual Machines, SVN, Linux.

2019

Project Engineer - Tool Safety

VALIDAS AG · Munich, Germany 📍

Activities: Tool Chain Modeling, Qualification Kits Execution, test strategy validation, test plan, tests execution, tests results analysis, Implement test automation unit with Python, enforce ISO compliance.

2011–2018

Quality Assurance Engineer

SCHLUMBERGER · Montpellier, France 📍

Activities: Manage and configure virtual machines, build tests metrics dashboards, integrate performance tests for the Petrel Structural Geology Module of Petrel. **Contexts:** Scrum team of 23 developers and 5 QA. **Tools used:** Test Complete, Teamcity, VMware VM, Python, Javascript, C#, Visual Studio, Power BI, Perforce.

SLB

2016

Automated Testing Engineer

SCHLUMBERGER · Grabels, France 📍

Activities: Plan, develop, implement, integrate, execute and report automated test suites for the Petrel platform.

SLB

2009–2010

Postdoctoral. Researcher

ANASON LAB · Fontainebleau, France 📍

Activities: Develop and integrate sound detection, classification, localization and separation DSP algorithms to support smart home environment for elderly people having Alzheimer disease. EU FP7 Project CompanionAble. **Tools used:** Matlab, C, C++

2007–2008

Teacher and research assistant

ENSEIRB SCHOOL OF ENGINEERING · Bordeaux 📍

Activities: Teaching courses (Signal processing, Linux environments, probabilities and statistics, C programming), supervising student internships, member of the defense jury, publishing and presenting research work in international conferences Matlab, C, C++, Linux.

université BORDEAUX

2004–2006

Tutor of Tutorials

UNIVERSITY INSTITUTE OF TECHNOLOGY-IUT · Bordeaux 📍

Activities: Teaching courses (C++ programming, computer systems). **Tools used:** GCC compilers, Linux.

ENSEIRB-MATMECA

DEGREES

2009 **Doctorate in Computer Science**
DIGITAL SIGNAL PROCESSING · University of Bordeaux, France 🏛️

2006 **Master in Organisation Management - General Business Administration**
INSTITUTE OF BUSINESS ADMINISTRATION · University of Bordeaux, France 🏛️

2003 **Electrical and Information Technology Engineer**
KARLSRUHE INSTITUTE OF TECHNOLOGY GERMANY · Karlsruhe, Germany 🏛️

KEY ACCOMPLISHMENTS

Managing and delivering Multi-tools Qualification and Functional safety projects for diverse customers such as NVIDIA Corporation, world leader in computer computing - SYNOPSYS, world leader in Code Analysis - NXP Semiconductors, number 10 world leader in semiconductors.

🎓 TRAINING ASSIGNMENTS

- 🎓 2022: ISTQB CTFL Certification - June - for Q-Leap Luxemburg- 3 Days - in English
- 🎓 2022: Testing Techniques - for Certilog - 1 Day - in French
- 🎓 2022: Organisation and IT Project - for Certilog - 1 Day - in French
- 🎓 2022: Fundamentals and Principles of Testing - for Certilog - 1 Day - in French
- 🎓 2022: Designing and structuring tests from requirements - for Certilog - 2 Days - in French
- 🎓 2022: Algorithms and Python - POE M2i August - for Certilog - 5 Days - in French
- 🎓 2022: ISTQB CTFL Certification - ORSYS BRUSSELS - for Certilog - 3 Days - in English
- 🎓 2022: Algorithms and Python - POE M2i Dec. - for Certilog - 4 Days - in French
- 🎓 2022: ISTQB CTFL Certification - chapter 1 - for Andagon People GmbH - 0.5 Days - in German
- 🎓 2023: ISTQB CTFL Foundation certification - POE M2i 29 August - for Certilog - 3 Days - in French
- 🎓 2023: ISTQB CTFL Certification - POE M2i January - for Certilog - 3 Days - in French
- 🎓 2023: The Fundamentals of the Python language - POE M2i April- for Certilog - 7 Days - in French
- 🎓 2023: Introduction to test automation with Selenium - for POE WEBFORCE3 Formation - 3 Days - in French
- 🎓 2023: The fundamentals of the Python language - for POE WEBFORCE3 Formation - 5 Days - in French
- 🎓 2023: Quality Assurance in the Software Process - 50 hours - for IU International University of Applied Sciences - Summer Semester 2023 - in German

🎓 TRAINING ASSIGNMENTS

- 🎓 2024: Python Programming - for Q-LEAP LUXEMBOURG - 3 Days - in French
- 🎓 2024: Robot Framework: Test automation - for Q-LEAP LUXEMBOURG - 4 Days - in French
- 🎓 2024: Robot Framework: Test automation - for Orsys France - 2 Days - in French
- 🎓 2024: ISTQB Certified Tester (Advanced Level) Test Analyst - for TestSolutions GmbH - 4 Days - in German
- 🎓 2024: ISTQB CTFL Certification 4.0 - for TestSolutions GmbH - 4 Days - in German
- 🎓 2024: Structuring a program and developing in Python - for Certilog - 4 Days - in German
- 🎓 2020-2024: Various Workshops and trainings for Validas AG e.g. ISO-26262 chapter 8.11: Safe usage of tools, Validation and Verification, Tool Chain Analysis modeling - in English and German

🗨️ CAREER GOALS

Aspiring to be a leading global trainer in Software Testing, AI-driven QA, and Test Automation, empowering professionals and organizations with cutting-edge skills, and high-technology.

🔧 CORE SKILLS AND TOOLS

- ★★★★★ Project Management, Customer relationship
- ☆★★★★ Tools: Microsoft Project, Asana, Python, TCA
- ☆★★★★ Dedicated to continuous improvement, Rapid learner, organized, work under pressure.

🎮 HOBBIES AND LEISURE

- Jogging twice a week
- Travelling in Family
- Academic orientation and success coaching
- Arduino Maker and Python programming tutor

🗨️ VOLUNTEERING

- Maths teacher
- Training videos on Youtube
- Multimedia coordinator in various associations
